P. W. Walker on 85 got a call at 12:43 today and
went to the following address:

622 Seaside, in Polk Terrace-home of Mrs. Sudie Reynolds
w/t/23 of CALH 1703, who gave him the following
information: About 3:00 pm 11-22-63 she was driving
south on S. Hampton Road in the vicinity of the
fire station when a blue and white Ford overtook her
and passed her at a high rate of speed. Complainant
noticed excessive speed as she was crowding the
speed limit herself. Occurred by three white men
and as she pulled up behind the Ford on Red light
at South Hampton at Highway 67 the occupants were
looking all around nervously. Complainant stopped
a short distance behind the car and the men in the
back seat and one in the front seat got out and started
back toward complainant, who then put her car in gear
and drove around the car, through the red light and
south on Hampton and turned off at Red Bird Lane and
the Ford was last seen driving south on Hampton at a fast
rate of speed. It was a 55 or 56 Ford, four door.
Color blue and white, Mississippi license T 9809,
The man in the back seat described as 25-30, 5'10",
dark hair, slender build, was wearing sport shirt
slacks and believed a brown jacket. Unable to tell
much about second occupant who got out. They made
a lot of smoke as they went past her.

This woman told Walker she called the police dept.
right after this happened and no one had time to talk
to her. She said her husband called later and they
told him they would contact her later and never did.
